Space saving designs for your home

"Innovation Living™ is a Danish furniture company built on the proud Danish tradition of furniture design.

We believe that form and function must go hand in hand to create innovative durable designs for everyday use.

We have dedicated ourselves to the design and development of multifunctional sofa beds, and today we are proud to be able to call Innovation Living™ an internationally renowned sofa bed specialist."

Enjoy our 50 years anniversary collection.

Per Weiss,
Chief Design Officer

Eco-friendly & space saving multifunction

Place the sofa bed against a wall, convert the sofa bed into the bed position, place the back cushions up against the wall and lounge comfortably.

Make your bed and prepare yourself for a pleasant sleep.

Slipcover on seat, back and cushions.

"The Revivus is designed with attention to environmentally friendly materials, easy maintenance, durability, and the ability to recycle parts at the end of its life cycle."

Per Weiss, Chief Design Officer

The sustainable sofa bed

By carefully selecting environmentally friendly materials that are recycled and renewed the Revivus sofa bed is developed to conduce to the revival of the nature.

Fabric made from recycled bottles
Vivus, is the name of our OEKO-TEX certified fabric made from recycled bottles. The slipcover is simple to detach and reattach, making it easy to clean. If worn out, just renew the cover - not the entire sofa.

OEKO-TEX recycled fiberfill
The cushion fillings are made from OEKO-TEX recycled fiberfill.
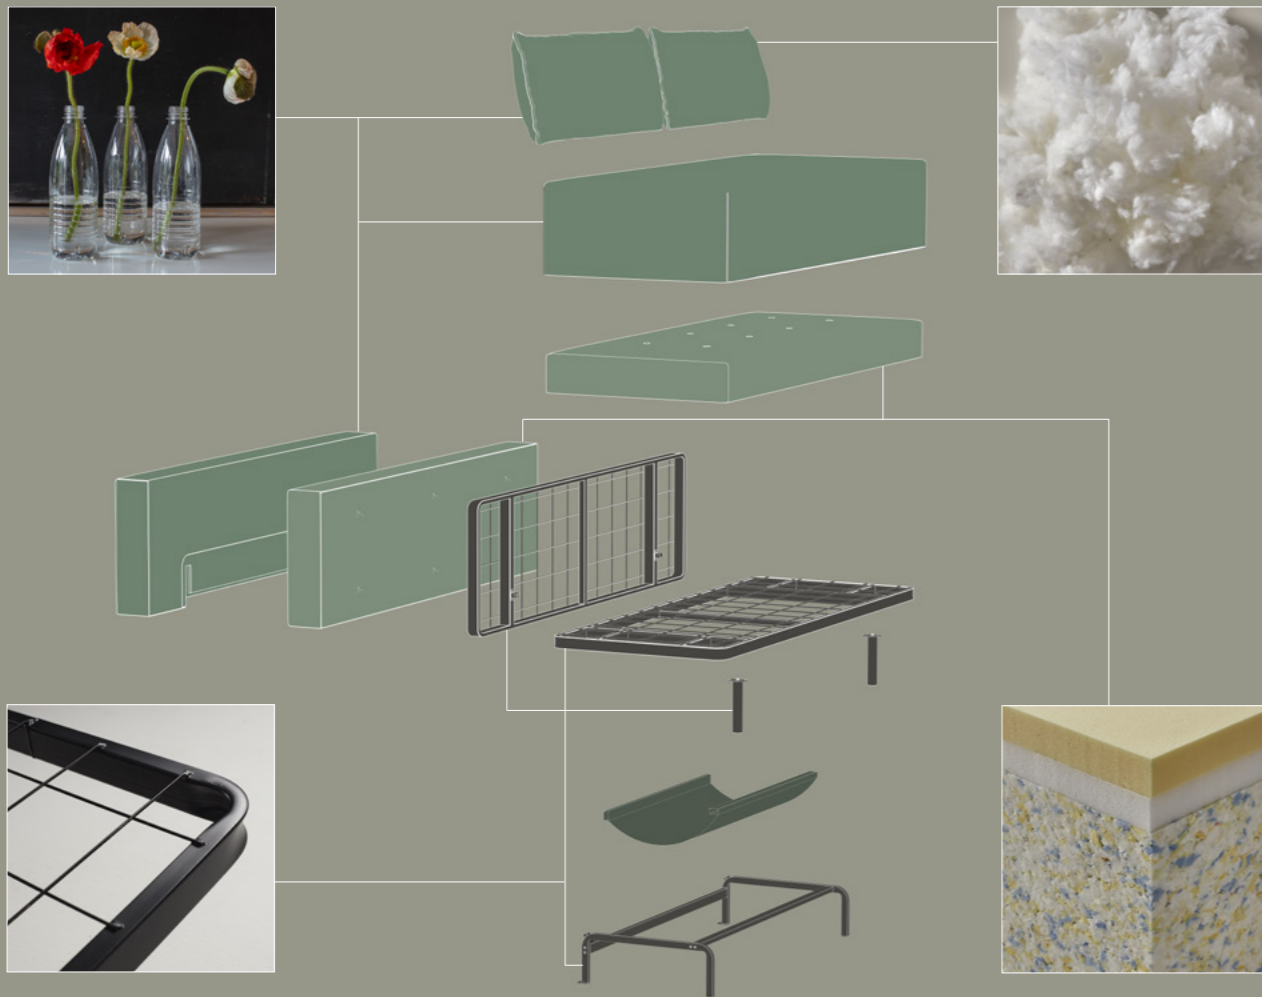

Durable metal frame
Using metal for the frame provides a strong and highly durable base protected by a recycled powder coating.

Recycled, granulated foam
The mattress filling is made from a combination of a soft topping of OEKO-TEX certified HR-foam and a core of recycled bonded foam. Bonded foam is made of leftover foam from our own and other productions, which we remould, compress and use again.

Revivus

Embedded in our DNA

Since the launch of our "THE NATURAL CHOICE" collection in 1989 we have been dedicated to a specific set of values in our design process.

Maintain & refresh

Designing for flat packing means we create parts that easily combines into a full product. By doing so we also obtain the possibility of maintenance and renewal of parts. The classic example is our range of Multifunctionals, which is built on the same principles as our new Revivus sofa.

Disassembly & recycling

In our design process we focus on the ability to disassemble the products for recycling. Which materials are used, how they are combined, and how they are separated into individual parts and sorted for recycling after ended life cycles. Each design creates a new challenge and some designs are more suited for disassembly than others, but the ECO-dimension is always an integral part of our way of thinking.

5 years warranty
Durability means sustainability

Quality and durability are the center of our design and production process. We conduct systematic testing and have no concerns offering 5 years warranty on all designs and lifetime warranty on slats and gears on all sofa beds in the Multifunctionals category.

See further information about the warranty on our website.

Detachable, washable & renewable

In Collection 2021 we have increased our focus on detachable covers as this option makes it easy to choose more delicate textiles and offers the ability to renew the cover at the end of its life cycle. Simply remove, wash, and put the cover back on again - or replace with a new cover to refresh the look of your sofa.

Look for: Revivus, Conlix, Merga, Achillas, Rollo & Multifunctionals.

Lower CO$_2$ footprint

We have always loved the simple and logic arguments for flat packing.

The low volume packages reduce the risk of damages, lower costs and reduce CO$_2$-emissions during transportation and storage.

Flat packed furniture is great for access, and in-home assembly means increased value as it eases handling from the store to the living room.

We continuously strive to reduce the impact our products have on nature.

Beside flat packing, we have reduced the use of plastic with more than 20% as well as we have changed to more sustainable packaging alternatives.

We are not CO$_2$ neutral, but we keep working hard to minimize our CO$_2$ footprint.

Give back to Nature

To contribute to the balance of the global ecosystem Innovation Living plants 10.000 new trees every year to compensate for our consumption of wood.

Comfort is always at the center of our design process

Multifunctionals

Your personal choice of comfort & style

In the following pages you can discover the various designs in the category of Multifunctionals.

Comfort and style are universally understood, but we recognize your desire to add a personal touch and create a sofa that is made according to your preferences for comfort and style.

Your choice of comfort

Choose between our four high quality mattresses shown below. The shown mattresses can only be used for the Multifunctionals range.

Classic
Firmness rating: Firm

Mattress sizes: 120 / 140 x 200 cm.

Made from recycled foam, the Classic mattress is durable and provides a high degree of support for a comfortable sleep. Our high density foam provides strong motion isolation, making it easy to share the mattress. Choose our Classic mattress for a firm comfort.

Latex
Firmness rating: Medium

Mattress size: 140 x 200 cm.

A breathable natural core of high quality latex ensures a durable mattress that adjusts to your body. Latex sleeps cooler than foam and reacts instantly to your every move. As Latex is derived from a sustainable resource, it is the eco-friendly choice. Choose our Latex mattress for a medium comfort.

Spring
Firmness rating: Soft

Mattress sizes: 120 / 140 x 200 cm.

Featuring pocket springs, the Spring mattress is the obvious choice for a soft comfort with effective pressure relief. Adding several layers of fibrefill assures the immediate comfort and further helps reduce heat during the night. Choose our Spring mattress for a soft comfort.

Soft Spring
Firmness rating: Extra soft

Mattress sizes: 120 / 140 x 200 cm.

The Soft Spring mattress offers a unique comfort achieved through the combination of pocket springs and the built in topper of hyper soft foam. Choose our Soft Spring mattress for an extra soft comfort.

Your choice of styling

Decide the look and fabric for your mattress, and in the following pages the leg/arm option you prefer. For fabric options see page 145.

Nordic Mattress (Non-detachable)

This is the standard mattress look with pull downs. You decide on the textile you like, and should you later happen to change your mind about style or colour, you can choose between the two detachable cover options we offer.
Available for all mattresses on page 122.

Nordic Cover (Detachable)

This cover has a sleek, rounded surface with stylings in each of the corners of the mattress. It covers up your entire mattress, giving you the option of choosing a different colour. Should you want to change the look, simply buy a new cover instead of a new mattress. Available for all mattresses on page 122.

Sharp Plus Cover (Detachable)

This cover has a sleek surface with stylings across the edges of the mattress. It covers up your entire mattress, giving you the option of choosing a different colour. Should you want to change the look, simply buy a new cover instead of a new mattress. Available for all mattresses on page 122.

The sustainable choice

If your preferences should change over time, do not worry. Both styling and comfort can be renewed. This is our way to prolong product longevity. Additionally, we offer lifetime warranty on slats and gears on the entire Multifunctionals category.

Frame covers

A back frame cover is always included. If you like the full cover look, a seat frame cover can be purchased.

Back frame cover (always included)

Front seat cover (optional)
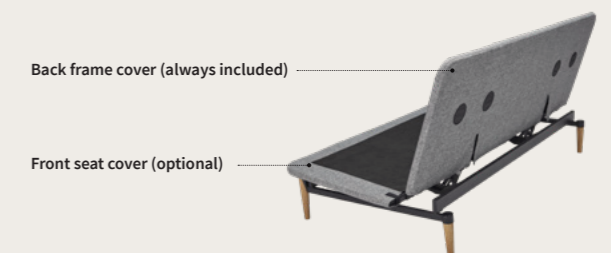

Mid-Century modern meets multifunctionality

"The elegance of Mid-Century modern combined with the casual look of the mattress, the fine comfort, and the versatile functionality makes Balder a truly unique design."

Per Weiss, Chief Design Officer

The Kiffa table is a flexible and easily height adjustable table for any purpose.

Size
Ø 45 cm

Height
41 - 70 cm
Table base: Matt black steel

Top
Lacquered oak veneer or black stained oak veneer

*All table tops are available seperately and can be used as a tray.

The good comfort – how it is designed

Pocket Spring

The individual pockets in these models ensure that pressure is applied to each individual spring for better support – in seating as well as sleeping position. The high resilient foam casing contributes to a breathable mattress while providing a soft top support.

The following models have this comfort:
Achillas, Bragi, Conlix, Eluma Deluxe Button, Ghia, Hermod, Idun, Muito, Narvi, Napper, Oldschool, Recast Plus, Sigmund, Splitback, Sly, Trym, Unfurl, Unfurl Lounger & Zeal.

Fabric
Fiberfill
High resilient foam
Pocket spring 6-12 cm
Metal mesh
Rigid metal frame
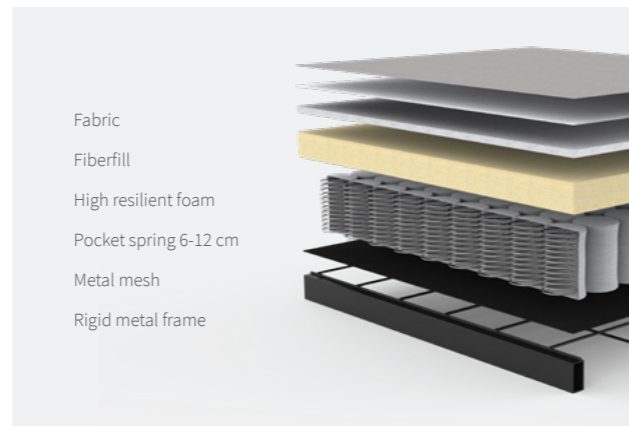

Pocket Spring Dual

The Pocket Spring Dual comfort share the general composition of the Pocket Spring models apart from the extra layer of hyper soft foam that gives these sofa beds an extra soft feel. This extra layer of luxury provides a soft seating comfort as well as a mattress recommended for everyday sleeping.

The following models have this comfort:
Walis, Malloy, Ample, Dublexo, Frode, Osvald & Tripi.

Fabric
Fiberfill
High resilient foam
Fiberfill
Foam casing
Pocket spring 10-12 cm
Metal mesh
Rigid metal frame

Excess Pocket Spring

The higher coils in the Excess Pocket Spring models provide a softer sofa comfort. In combination with the core foam casing, the Excess mattress has higher absorption of pressure on each spring for a more comfortable sleep.

The following models have this comfort:
Bifrost Deluxe Excess Lounger, Cassius Deluxe Excess Lounger, Long Horn Deluxe Excess Lounger, Supremax Deluxe Excess Lounger, Vogan & Vogan Lounger.

Fabric
Fiberfill
High resilient foam
Pocket spring 16 cm
Metal mesh
Rigid metal frame
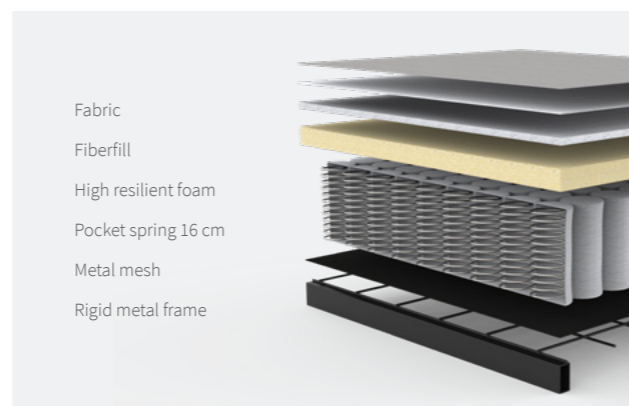

No-zag Spring

The No-zag Spring provides an even and soft comfort ideal for sofa seats and backrests. The thick layer of high resilient foam enhances the comfort of the spring to ensure a great sleeping experience as well.

The following models have this comfort:
Cubed 02, Olan, Ramone & Salla.

Fabric
Fiberfill
High resilient foam
No-zag spring
Massive wood frame
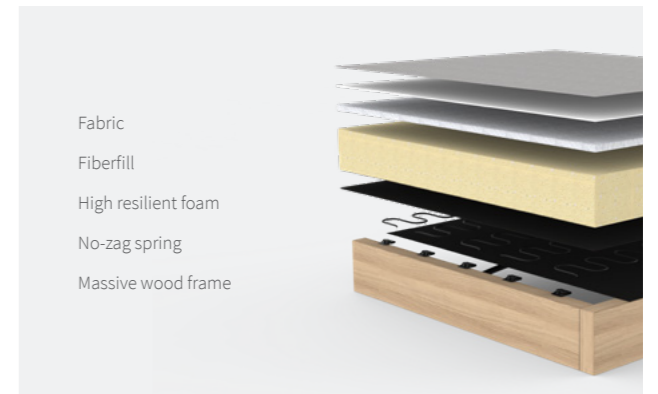

5-zone Multi-Pocket Spring

A breathable Multi-Pocket Spring mattress - designed for everyday sleep. With as many as 650 springs per square meter and 5 comfort zones to support the individual parts of your body, the basis for a good night's sleep does not get much better. Further, the cover is removable and can be washed at 60 degrees.

Available for: Eivor & Killian

Fiberfill quilted fabric
High Density foam 2 cm
Multi Pocket Spring 8 cm
High Density foam 2 cm
Fiberfill quilted fabric
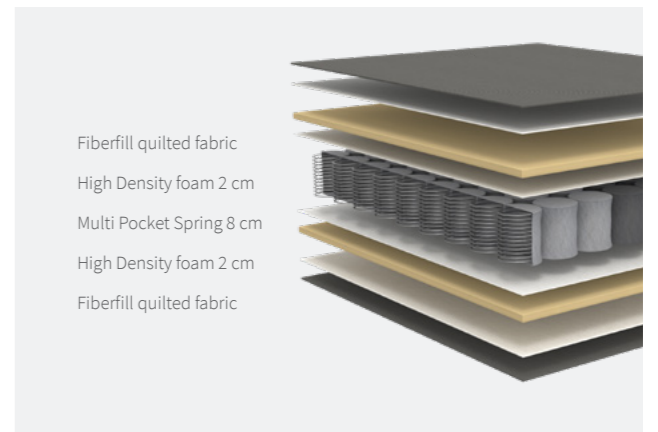

Dual Memory

The Dual Memory mattress features two comforts in one as the mattress is reversible with one side consisting of an 8 cm high density foam whilst the other side consists of 4 cm Oeko-Tex certified memory foam. Whether you prefer soft or firm comfort this mattress offers both. Further, the cover is removable and can be washed at 60 degrees.

Available for: Eivor & Killian

Fiberfill quilted fabric
Memory foam 4 cm
Density foam 8 cm
Fiberfill quilted fabric
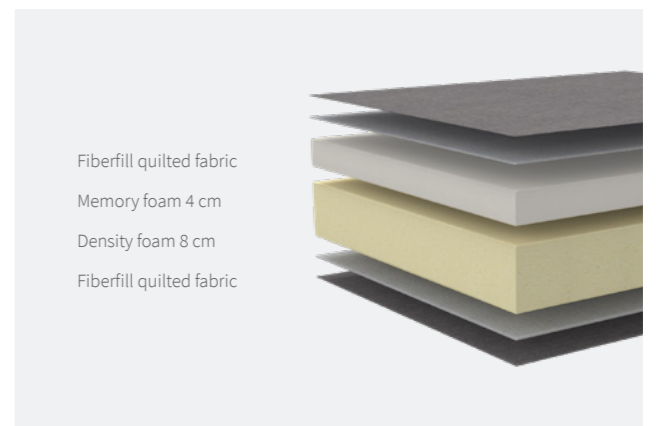

Purem

Our Purem mattress is durable and provides a high degree of support for a comfortable sleep. The Purem mattress provides strong motion isolation, making it easy to share the mattress, as the mattress provides constant support. Further, the cover is removable and can be washed at 60 degrees.

Available for: Vithus

Fiberfill quilted fabric
High Density foam 12 cm
Fiberfill quilted fabric
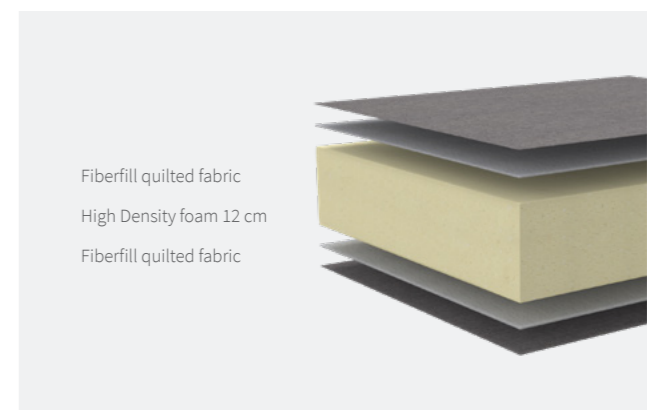

Top Mattresses

Mattress Pads

Top Mattresses

120 / 140 / 150 / 160 x 200 cm.

A 5 cm durable and reversible top mattress with a core of 25 kg polyether foam that provides an even and supportive sleeping surface on all adjustable sofa beds. The cover is 100% polyester which is breathable, removable and machine-washable at 60 degrees Celsius.

Storage Bag

The top mattress comes with a bag for storage when not in use. The bag helps minimize the volume of the topper for better storage.

Mattress Pads

80 / 90 / 120 / 140 / 150 / 160 x 200 cm.

A mattress pad provides a little extra cushioning and an added layer of protection for your mattress. The mattress pads are OEKO-TEX certified and can be removed and easily stored.

The mattress pads are machine-washable at 60 degrees Celsius and available for most mattress sizes.

Fabric specifications

Fabric collection

Please note that the printed presentation of the fabric texture and colours may vary from the actual fabric.

Cleaning advisory

Leather looks: Wipe with a moist cloth, do not dry clean.

All other fabrics: Machine washable at 30 degrees Celsius.

Please visit innovationliving.com for further information.

We place high value on ensuring that our fabrics all match the high quality of the design as well as durability of our sofa beds. All fabrics are enhanced with additional backing for extended life time and undergo rigid testing to meet the high standards we impose on our designs and production. In accordance with our Planet Promise we ensure that an increasing selection of fabrics are Oeko-Tex® certified.

Global presence

As a leading, global specialist within our category with production and warehouse facilities in Denmark, Ukraine, China and the United States and with distribution in more than 83 countries, we have a great responsibility to adapt to but also influence local norms.

We buy raw materials directly from the sources to be in control of the origin and quality of the materials we use as well as we ensure proper working conditions for our own and our suppliers employees.

INNOVATION LIVING™

amfori BSCI - Code of Conduct

It has always been our priority to give our employees the best possible working conditions. Long before audits were made as we know them today, we engaged in the development of local communities by actively hiring minorities and support the training of refugees and students.

We are anchored in the Danish culture where everyone is equally valued regardless of background or position. Today, our production facilities in Ukraine and China are continuously audited against the amfori BSCI Code of Conduct to ensure transparency and good conditions for those who support and work for us and our suppliers.

amfori ⬤ BSCI
Trade with purpose

People & Partnerships

Since our founding in 1971 we have been an independent, family-owned company. The founding value of the company is respect. Respect towards colleagues, customers, and the environment.

We believe that happy employees in combination with good and long partnerships with suppliers and customers are the keys to success.
